AUDITOR'S REPORT

This is to certify that I have examined the records and accounts of the officers of the Town of Winterport for the year ending Feb. 18, 1925 and find them correct, with proper vouchers for all accounts paid.

Charles M. Conant, Auditor.

Winterport, Feb. 26, 1925.

SCHOOL REPORT

Report of Superintendent of Schools

To the Superintending School Committee and Citizens of Winterport, I am pleased to submit this, my second annual report of the condition and progress of your schools.

ELEMENTARY.

Since my last report was made the schools of the town have been in session without any interruptions, except the usual vacations. I feel that good progress has been made as all our elementary schools have teachers who are trying to make their work profitable to the schools under them.

I am glad to report that all the rural buildings have now been remodeled, and, except for necessary minor repairs, are in quite good condition. There are still many things that we must do in order to make those buildings attractive places in which pupils are expected to spend the major portion of their waking hours.

HIGH SCHOOL.

I am pleased to report the high school in good condition and the pupils are receiving much benefit from the new, three teacher plan, which the State Department asked us to adopt.

There is one serious draw-back to the efficiency of the school and that is the cramped space it is forced to occupy. With between seventy and eighty pupils to be seated in a room only large enough for about one-half that number, it is impossible for them to get the best results from their school work. Many have to sit two in a seat and such conditions are wasteful.

Even the class-rooms are too small for the large classes which they are forced to accommodate. The town of Winterport must consider seriously the matter of providing a new building to take care of all the children attending the village schools. The old buildings are uncomfortable at all times of year and especially during such cold weather as we have had this winter.

I am making investigations along this line and hope by town meeting time to be able to give you some facts about costs suitable locations, etc.

I wish to express my appreciation to the school officials, teachers and parents for the cooperation with which they have worked to carry out the policy of the schools.

AS THIS REPORT has not gone to the printer and I have secured some information and made up some figures in which you will be interested, I am including this in my report that all may come to town meeting to discuss intelligently the question of a new school building.

One step in investigating this question was to get in touch with an architect, which I have done and find that a building suitable for our purposes can be constructed for forty thousand dollars(\$40,000.00)

I have in my office sketches prepared by the architect showing the plan of such a building. Ofcourse the plan can be modified later if any changes should be made.

The building as planned would be composed of a basement including furnace and fuel room, gymnasium, locker and toilet rooms, and one room for a work shop for boys. The first floor includes main high school-room, one recitation room and four class-rooms for the grades, (2 grades in a room), beside the closets and corridors. The second floor includes a Chemistry and Physics laboratory, two recitation rooms and offices for the Superintendent and Principal.

This gives you a general idea of our needs in a new building. Now, I will give you some of the figures which will show how such a building can be secured and at the same time our general running expenses reduced yearly. Any saving we can make in this way will apply to the debt incurred by building.

With a central school building the town could close five rural schools which cost, five hundred and forty dollars, (\$540.) each, per year to run, or two thousand, seven hundred dollars.

For running five rural schools	\$2,700 00
Take off six teams for conveyance, cost	2,000 00
Save 20 cords of wood and the kindling	300 00
Save five janitors @ \$18. per year	90 00
Yearly repairs.....	500 00
Flag replacements	25 00
Saving in text books.....	100 00

Total saving \$5,715 00

It now costs to run the two village schools:—

Four (4) teachers (elementary)	2,304 00
Two (2) janitors.....	252 00
Repairs	200 00

Total 2,756 00

Running expenses with a new building:—

Allow for four (4) teachers, elementary, @ \$25. per week	3,600 00
Janitor for furnace and care of building	540 00
Allow for two conveyance cars.....	1,440 00

Total 5,580 00

This is two thousand, eight hundred and twenty-four dollars (\$2,824.) more than it costs to run the village schools now. Subtract this amount from the total saving on rural schools or five thousand, seven hundred and fifteen dollars, (\$5,715.00) will leave a net gain of two thousand, eight hundred and ninety-one dollars (\$2,891.00)

Now the state encourages towns to combine their schools and give the rural children the same grade of instruction that the village children have. I am assured by Dr. Thomas, that if we carry out some plan like this that the state will give the town five hundred dollars, (\$500.00); thus giving us a net gain the first year of three thousand, three hundred and ninety-one dollars, (\$3,391.00)

Suppose that the town borrowed on long term bonds, forty thousand dollars, (\$40,000) for the purpose of erecting a new

building, the two thousand, eight hundred and ninety dollars (\$2,890.00) yearly saving would more than pay the interest on the bonds.

Many towns are building on such a plan as this. It is unfair to impose the whole of such a burden on one generation when the real benefit will be to those of the future. If the present citizens give their children the advantages of a better education they are sure to be repaid not only with blessings but with willingness to discharge a part of the expense at least.

There is in the town warrant an article to give you an opportunity to express your opinion on this matter.

It would be a step in the right direction to raise some sum, perhaps twelve hundred dollars, (\$1200.) to purchase a school lot and appoint a committee to see to it with instructions to make investigations and collect data and when this is done call a new town meeting to decide on the next steps.

A committee is helpless in finding out prices of school lots if it has no power to make an offer for such property.

I trust you will give this matter your earnest thought and come to town meeting with a resolve to give to the town of Winterport a school building of which all may feel proud and that will be a means of attracting desirable families to make their homes in town.

Respectfully submitted,
Clarence W. Dickey
Superintendent of Schools.

Your school committee recommends that you make the following appropriations for the ensuing year:

Common Schools.....	\$5,700 00
High Schools	2,750 00
Text Books	500 00
Repairs	700 00
Supplies	400 00

Town Warrant

State of Maine

WALDO, S.S.

To Fred C. Merry, Constable of the Town of Winterport, in the County of Waldo, Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Winterport, qualified by law to vote in town affairs, to assemble in Union Hall, in said town on Monday, March 23, 1925 at 10 o'clock A. M. to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose three or more Selectmen.

Art. 4. To choose a Town Treasurer.

Art. 5. To see what sums of money the town will vote to raise for the support of Common Schools, for Free High School, for the repairs of School Houses, for School Supplies and for Free Text Books.

Art. 6. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916.

Art. 7. To see if the town will appropriate and raise the sum of \$533 for the improvement of the Section of State Aid Road, as outlined in the report of the State Highway Commissioner in addition to the amounts regularly raised for the care of Ways, Highways and Bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 18 Chapter 25 of the Revised Statutes of 1916.

Art. 8. To see whether the town will vote to raise money and what sums, for the maintenance of State and State Aid Highway during the year, within the limits of the town, under the provision of Section 9, and 18 of the Public Laws of 1913.

Art. 9. To see what sums of money the town will vote to raise for the repairs of Highways and Bridges and for clearing of snow from roads the coming winter.

Art. 10. To see what sums of money the town will vote to raise for the Support of Poor, for Mothers' Aid, for Salaries of Officers, for Abatement of Taxes, for Hydrant Rental, and other Miscellaneous Town Charges.

Art. 11. To see what sums of money the town will vote to raise for Memorial purpose, Free Library, Winding Town Clock and Lighting Streets.

Art. 12. To choose one or more Road Commissioners also to fix the compensation of said Commissioner and wages to be paid to men and teams employed on the Highways.

Art. 13. To fix the rate of discount, if any, for the prompt payment of Taxes and the time when said discount shall cease; to fix the time when the taxes due the town shall become collectable and payable; to determine whether interest shall be charged on taxes remaining unpaid after that date and the rate of such interest; to see if the town will vote to instruct its Collector of Taxes for the ensuing year; to collect all such taxes within the limit made by State Laws for the collection of taxes, and instruct the Municipal Officers to require the Collector to give a bond for his faithful compliance with the vote under this article.

Art. 14. To fix the compensation of the Collector of Taxes for the ensuing year.

Art. 15. To choose a Collector of Taxes.

Art. 16. To choose three or more Assessors of Taxes.

Art. 17. To choose three or more Overseers of the Poor.

Art. 18. To choose one or more members of the Superintending School Committee.

Art. 19. To choose a Town Agent.

Art. 20. To choose an Auditor of Accounts.

Art. 21. To choose one or more Constables.

Art. 22. To choose one or more Fire Wardens.

Art. 23. To choose one or more Fence Viewers.

Art. 24. To choose a Fire Inspector.

Art. 25. To choose one or more Measurers of Wood, Bark and Lumber, Shingles, Clapboards, Hoops and Staves.

Art. 26. To choose one or more Sealers of Leather, and and Sealers of Weights and Measures.

Art. 27. To see if the town will vote to authorize the Superintending School Committee to appoint a School Physician, and to provide proper facilities for the performance of his duties.

Art. 28. To see if the town will vote to continue contract to gravel roads as voted at last annual meeting or act thereon.

Art. 29. To see if the town will vote to elect a Budget Committee to act with the Selectmen to recommend appropriation for the town's various departments or act thereon.

Art. 30. To see what action the town will take in regard to condition of the apparatus of the Fire Department.

Art. 31. To see what action the town will take in regard to caring for the Poor.

Art. 32. To see what sum the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter Four, Section Fifty-nine of the Revised Statutes of Maine, the same to be expended by the Maine Development Association.

Art. 33. To see what compensation the town will vote to pay the Selectmen for the ensuing year.

Art. 34. To see if the town will vote to sell the School House in Conant District so called, formerly District No. 10, and if so, how the same shall be sold or act thereon.

Art. 35. To see how much money the town will raise to pay on outstanding notes.

Art. 36. To see if the town will vote to accept the list of Jurors as prepared by the Selectmen.

Art. 37. To see if the town will vote to take advantage of Chapter 161, P. L. of 1923 by which towns are authorized to petition the State Auditor to install a system of uniform accounts and to raise \$100.00 for same.

Art. 38. To see what sum the town will vote to raise to repair cross-road from State Highway to Staples Hill so called.

Art. 39. To see if the town will vote that men who have no property shall have no right to vote on appropriations.

Art. 40. To see what action the town will take to purchase a lot for a central school building or act thereon.

Art. 41. To see what action the town will take to provide a central school building, to act thereon.

Art. 42. To see if the town will authorize and instruct the Municipal Officers to lay out or cause to be laid out, a road around floating bridge so called, on road from Ellingwood's Cor-

ner to Newburg and to appropriate and raise money and if so
how much to meet the expense of the same or take appropriate
action thereon.
